Step 3: Preparing for arrival to Glasgow	
Do I require a visa?	<p>All students without an EU/ECC passport are required to obtain a visa to study at the University of Glasgow.</p> <p>There are two options available to incoming students with regard to immigration in the United Kingdom:</p> <ol style="list-style-type: none"> 1. Short-term Study Visa (for one semester stays) OR 2. Tier 4 (General) Student Visa (for study periods longer than 6 months) <p>Full information on all visas can be found at https://www.gla.ac.uk/international/support/before/studentvisa/</p> <p>IMPORTANT - If you intend to travel to the UK via Dublin or any other airports in the Republic of Ireland they will not pass through any UK immigration point and will therefore not be able to obtain Leave to Enter as a student visitor on arrival. Therefore they must apply for Entry Clearance (a visa) before leaving their own country even if the course is for less than six months. This means they will need to apply for a Short Term Study Visa or a Tier 4 Visa before they travel if they wish to travel through Dublin.</p>
How do I register as a student?	<p>You will be emailed when online registration is open. This email will include details of how to log onto the MyGlasgow and complete the registration process.</p> <p>You should complete academic registration as soon as possible in order for you to be pre-enrolled in classes.</p> <p>Both academic and financial registration should be completed prior to your arrival in Glasgow.</p>

Step 4: Orientation and arrival	
What do I need to know about orientation?	<p>All students are required to take part in a mandatory Orientation session before you begin your studies at Glasgow.</p> <p>Orientation will include information sessions and optional social events.</p> <p>Details of Orientation will be emailed to students closer to the beginning of semester.</p> <p>This will include details of the programme, information on how to sign up for event and information on transport from the airport to the University/ your accommodation.</p> <p>Further information will also appear on our website - https://www.gla.ac.uk/international/support/before/orientation/</p> <p>Meetings with the Study Abroad and Exchange team will be available on arrival to confirm course choices and/or address any further issues you may have</p>
What do I do if I require healthcare while in Glasgow	<p>All students are entitled to free healthcare provided by the National Health Service.</p> <p>Students are strongly recommended to register with GP on arrival in Glasgow. This is free to do and there is a GP surgery on campus - http://www.universitybarclay.com/</p>

Step 5: During your course	
What is the teaching style like?	<p>Study abroad and exchange students attend classes with other British and international students and are assessed in the same manner.</p> <p>The most common form of teaching is formal lectures (particularly at Level 1 and 2) with supplementary group tutorials where discussion and group participation are encouraged. A significant proportion of teaching for Science and Engineering takes place in practical laboratory sessions.</p> <p>In upper level classes, lectures are often to smaller groups of students and in some departments are displaced by tutorials and seminars.</p> <p>You may find that they have very few contact hours and less assessment than you are used to at your home institution.</p> <p>It is important to note that higher education in Scotland places a strong emphasis on independent study.</p>
How will I be assessed?	<p>Assessment methods vary from course to course, however may include essay submissions, project work and end of semester exams.</p>

	<p>Details of and deadlines for assessment are included in the course handbook for each of our courses. Exam timetables will be published on the University website during the semester.</p> <p>It is your responsibility to submit assessments and attend for exams punctually.</p>
Who can I contact for advice during my studies?	<p>A member of staff from the Study Abroad and Exchange team will be your advisor.</p> <p>Programme staff will add you to a moodle page for each course you are enrolled on. This is the University's VLE. The Moodle page will give detailed information on your programme as well as useful contacts within the programme team.</p> <p>You should contact the programme team with any course specific enquiries in the first instance.</p>
I am unable to complete assignments or attend exams. What do I do?	<p>The University operates a Good Cause process. Students can use this process to let university staff know of any circumstances affecting their studies.</p>
What support is available if I am facing personal challenges	<p>The University's counselling team is available to all students. Full info on the support they can offer can be found at https://www.gla.ac.uk/myglasgow/counselling/</p>

Permission will not be given for students to return home early to attend interviews, internships or family events</p>
